

Sablon Thais

Scrum Master Junior

sablon.thais@hotmail.com | 0472/617.650

After forging my career in sales, I felt an irresistible thirst for change. I, then, stumbled upon programming. My Front-End training at Interface3 provided me with a valuable introduction to the Scrum framework. I dove headfirst into a captivating world filled with enriching challenges. This experience inevitably led me towards obtaining the PSM1 certification and pursuing a career as a Scrum Master.
